What's New?

Happy Birthday!

To all of you regardless of your birth date.

Note: If you send out any electronic messages, make sure you are aware of the new CASL regulations.

While enjoying the Summer, keep safe.

Put the dates of Sept 25 - 28 for the IDS West show on your calendar. Trade day, Friday Sept 26th is for decorators, designers and architects. Many of the free seminars are very informative.

Norburn Lighting & Bath and Choices are offering specific lighting seminars. A great opportunity to become updated on what's new in the industry

Bea's Beef's

Builders of condo's who use inappropriate materials. Can you believe they are still installing metal horizontals over patio doors? Still installing track lighting in kitchens with no task lighting?

Realtors who do not inform their client's of how to prepare their homes for sale. The more money being asked for, the better the home has to look. Staging is a definite asset.

Contractor's who do as their client's ask without informing them of the consequences. Some ideas just don't work and the work has to be redone.

Businesses who have no respect for time lines.

Be Prepared

Kitchen & Bathroom lighting seminars will be held on July 15 and 17.

Residential Architecture, a Skills Enhancement course, will be offered 2 nights a week, starting Monday, July 7th 7 - 9:30PM. In class and on the field trips, we study the characteristics of the exterior of homes.

The part-time evening and morning classes will be posted soon.

“Live as if you were to die tomorrow. Learn as if you were to live forever.”

— [Mahatma Gandhi](#)
